Please find below a communication from the EXAMINER in charge of this application

Commissioner of Patents

Please see attached Notice of Non-Responsive Amendment.

DETAILED ACTION

Notice of Non-Responsive Amendment

1. The reply filed April 7, 2003 is not fully responsive to the prior Office action because of the following omission(s) or matter(s):

The Restriction Requirement mailed January 6, 2003 required election of a single invention from Groups I or II and a **further election of species** depending on the Group elected. Applicant elected Group I for examination. Applicant has not elected any species whatsoever and thus the reply is not fully responsive.

Please note the following requirement which has been reiterated from the Restriction Requirement, paragraph 7:

7. *If applicant elects the invention of **Group I**, applicant is required to elect from the following patentably distinct species. Claims 1-5 and 10-13 are generic.*

Species of biomolecule

- A. Nucleotidic (e.g. claims 6-8)*
- B. Peptidic (e.g. claim 9)*

The species are distinct, each from the other, because their structures and modes of action are different. They would also differ in their reactivity and the starting materials from which they are made. Therefore, the species have different issues regarding patentability and represent patentably distinct subject matter.

Therefore, to be responsive, applicant must elect a species as set forth in the previous action and reiterated above.

2. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Maurie Garcia Baker, Ph.D. whose telephone number is (703) 308-0065. The examiner is on an increased flextime schedule but can normally be reached on Monday-Thursday and alternate Fridays from 9:30 to 7:00.

4. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Andrew J. Wang, can be reached at (703) 306- 3217. The fax phone number for the organization where this application or proceeding is assigned is (703) 308-4242. Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (703) 308-0196.
